THE CO-ORDINATOR,  
AJEGUNLE COMMUNITY PROJECT.

We quite appreciate the works of your organisation (The Ajegunle Community Project) in overseeing the ill treatment and humiliation given girl-child all over the world.

The step your organisation has taken has restored hope in the life of the oppressed girl. The violence against female child has reduced because there is awareness that nothing should be taken for granted. The opportunity given to them to come to you at any time without asking for money or any ransom is highly commended. You are the hope of the hopeless and joy and comfort of the helpless.

Thank You.
